INSTRUCTIONS

STEP 1: Call in on the automated inspection request line at (770) 531-6777.

STEP 2: Select permit option: COM press 1; RES press 2; MIS press 3; SGN press 4; and CMB press 5.

STEP 3: Enter the 9-digit permit number as directed. Example - COM2004-01234 would be entered as "200401234". The permit number and address will be verified.

STEP 4: Select one of the following:

To schedule an inspection, press 1
To cancel an inspection, press 2
To get results of an inspection, press 3 (after 5:00 P.M.)

STEP 5: Select the type of inspection you are requesting from the prompts given. Be sure to listen to all the prompts before making your selection.

STEP 6: Once you have selected the inspection type, you will be asked to enter the 3-digit inspection code from Tables 1-1 thru 1-5.

STEP 7: After you have entered the 3-digit code, the system will read back to you the inspection requested as well as the date of the inspection. It will then ask you to verify if correct. When it is verified it is then scheduled. If there are fees due, a stop work order issued or open inspections, the request will not be issued and you will need to call the inspections office at **(**770) 531-6570 to release any holds.
