STATEMENT OF HARDSHIP

The Gainesville Planning and Appeals Board has the authority, in specific cases, to grant variances from the terms of the Unified Land Development Code of the City of Gainesville, Georgia, when the variance will not be contrary to the public interest where, owing to special conditions, a literal enforcement of the Unified Land Development Code will, in specific cases, result in unnecessary hardship and so that the resolution shall be observed, public safety and welfare secured, and substantial justice done. The authority to grant such variances shall be limited to those instances where a hardship is clearly established as required by the Unified Land Development Code. Variances may be granted only upon a finding by the Gainesville Planning and Appeals Board that:

Describe how each situation listed below relates to your application.

1) There are extraordinary and exceptional conditions pertaining to the particular piece of property in question because of its size, shape, or topography. (The hardship must relate to the physical character of the lot and not to a personal or economic hardship.)

2) The application of the requirements of this resolution to this particular property would create an unnecessary hardship.

3) There are conditions that are peculiar to the property which adversely affect its reasonable use or usability as currently zoned.

4) Relief, if granted, would not cause substantial detriment to the public good or impair the purposes and intent of this Ordinance. For example, granting the variance would not confer any special privilege that is denied by this regulation to other property in the same zoning district. Such conditions are not the result of any actions of the property owner.

5) There must be a proved hardship by showing beyond a doubt the inability to make a reasonable use of the land if the zoning ordinance were applied literally.

6) The hardship cannot be self-created; e.g., as in a case where the lot was purchased with the knowledge of an existing restriction.

I hereby certify that the above information and all attached information is true and correct.

PUBLIC NOTICE REQUIREMENTS

City of Gainesville zoning regulations require public notice to be given on all zoning applications as follows:

1. A **legal advertisement** shall be published no less than fifteen (15) days and no more than forty-five (45) days prior to the public hearing. (This requirement is covered by Planning Division staff.)
2. A **public notice sign** shall be placed in a conspicuous location on the property which is subject to the zoning application. The original public notice sign will be posted by Planning Division staff.
3. It is City policy to **notify, by letter**, the surrounding property owners within three hundred feet (300') of the applicant's property that an application has been filed and when it will be considered. (This requirement is covered by Planning Division staff.)

As the applicant, you are responsible for ensuring the public notice sign remains on the site during the entire zoning process. The Planning Division staff will prepare and place a sign (or signs) for you. If any problem arises with regard to the sign, notify the City of Gainesville Community Development Department immediately by calling 770-531-6570 so the sign can be replaced. Failure to report problems with the sign during the entire period of the hearings will also result in a delay.

The purpose of the public notice sign is to inform the surrounding property owners that an application has been filed. Placement of the sign in a manner that is not clearly visible violates the requirements. Failure to place the sign in a conspicuous location will result in your request being tabled until the sign is posted as required. Failure to ensure the sign remains posted on the site during the entire zoning process means there will be a delay in the hearing date set for your request. Legally, the City cannot consider a request until proper notice has been given. If it is determined at any time during the zoning process that the sign is not properly placed on the site, the Gainesville Planning and Appeals Board has no choice but to table the request, even if there is no opposition to the application. Many of the board members, as well as the planning staff, visit the sites and will be looking for the sign. Additionally, local citizens, particularly those who receive notice letters, often report when a sign is not visible. The City will not consider your request until it is satisfied that proper public notice has been given.

Multiple sign posting on a site may be required if it is so determined by Planning Division staff to be necessary. Signs should be placed as near to the road as possible so they are clearly visible. The sign(s) cannot be obstructed by vegetation, etc.; may not be placed at an inappropriate distance from the road; or placed on something in such a manner so as to blend into the scenery.

When the zoning process is complete and final action has been taken by the Gainesville City Council, it is the responsibility of the applicant to remove the sign (or signs).

Applicant's Certification: *I hereby certify the above information, and all attached information, is true and correct; and that I have read, understand, and have received a copy of the **Public Notice Requirements**.*
