Plumbing	300	Slab
Plumbing	301	Sewer lateral & tap
Plumbing	302	Water Service
Plumbing	303	Gas Line
Plumbing	304	Grease Trap
Plumbing	306	Sand Trap
Plumbing	308	Rough Complete
Plumbing	309	Wall Cover
Plumbing	310	Ceiling Cover Partial
Plumbing	399	Final

Table 1-5—SGN Inspection Codes

Type	Number	Description
SIGN	100	Footing
SIGN	101	Electrical
SIGN	199	Final

NOTE: When a Building final inspection is called in for COM or RES the system will automatically schedule a final for the electrical, plumbing and HVAC so they will not have to be entered separately.

CITY OF
GAINESVILLE
INSPECTION
REQUEST SYSTEM

CALL IN REQUEST
PHONE NUMBER
(770) 531-6777

STEP 8: For additional inspections follow the prompts and the steps listed above.

INSTRUCTIONS

STEP 1: Call in on the automated inspection request line at (770) 531-6777

STEP 2: Select permit option: COM press 1; RES press 2; MIS press 3; SGN press 4; and CMB press 5.

STEP 3: Enter the 9 digit permit number as directed. Ex. COM2004-01234 would be entered as “200401234”. Permit # and address will be verified.

STEP 4: Select one of the following options:
 To schedule an inspection press 1
 To cancel an inspection press 2
 To get results of an inspection press 3 (after 5:00 P.M.)

STEP 5: Select from the prompts given the type of inspection you are requesting. Be sure to listen to all the prompts before making your selection.

STEP 6: Once you have selected the inspection type, you will be asked to enter the 3 digit inspection code from Tables 1-1 thru 1-5.

STEP 7: After you have entered the 3 digit code the system will read back to you the inspection requested as well as the date of the inspection. It will then ask you to verify if correct. When it is verified it is then scheduled. If there are fees due, a stop work order issued or open inspections, the request will not be issued and you will need to call the inspections office @ (770) 531-6570 to release any holds.

Table 1-1—COM Inspection Codes

Type	Number	Description
Building	100	Footing Only
Building	101	Column Pad
Building	102	Slab Basement
Building	103	Slab Complete
Building	104	Wall Footing
Building	105	Poured Walls
Building	106	Framing
Building	107	Complete Rough
