

Did you know GVL?

Gainesville is home to Engine 209!

- Engine 209 park is located at the corner of Jesse Jewell Parkway and West Academy Street.
- Engine 209 was part of the Gainesville Midland Railway that began in 1904 and connected Gainesville to Athens.
- Rumor has it that Engine 209 was originally made for the Czar of Russia but never made it because of the revolution.

Have fun coloring our train!
And be sure to stop by and visit Engine 209!
