Gainesville Parks and Recreation

Children At Play Fund
A fund of the North Georgia Community Foundation

So every child can...
play
learn
exercise
and just have fun!

Goals of the Children At Play Fund

To enable greater accessibility to recreation activities which build self-esteem, promote good health, and offer a safe alternative for latch-key children.

To encourage children who may be at health or social risks to participate in supervised recreation programs.

To eliminate participation barriers such as fees and added costs of transportation, equipment, and supplies.

To inspire community support for children in need.

Did you know that participation in Recreation... 

Builds Character and Self-confidence
Develops Important Life Skills
Forms Lasting Friendships
Improves Health
Reduces Juvenile Crime
Offers Safe Places to Play
Fosters Teamwork
Develops Integrity

What is the Gainesville Parks and Recreation Children At Play Fund?

Many local children do not get enough exercise, are regularly left home alone, or are not allowed outside to play for fear of bullying, drugs and violence. The simple truth is that many children do not have the opportunity or the access to safe places to play in a supervised environment.

Gainesville Parks and Recreation wants to ensure that every child under the age of 18 has the opportunity to participate in beneficial recreational programs that promote physical activity and proper nutrition, develop character and teach lifelong skills.

How can you make a difference?

With the support of individuals, local businesses, community service organizations, and corporations, the Children At Play Fund will make scholarships available to those who might not otherwise be able to participate.

By supporting the Children At Play Fund, you are showing your concern and interest in the health and well-being of the children of Gainesville...the children who do not have the financial means to participate in recreation activities that will keep them safe and active while preparing them to be healthy, productive adults.

Who benefits from your contribution?

Everyone... The children, their families, their classmates, and the entire community benefit in the long run by the difference your contribution can make in the healthy development of a child.

100% of your contribution will be used for scholarships.

With your help, the wonderful things you remember most as a child - learning to swim, hitting a home run, scoring a touchdown, learning to dance - could be enjoyed by those who can least afford them. Your tax deductable contribution to the Gainesville Parks and Recreation Children At Play Fund will go towards enhancing the life of a child and in turn build a stronger, healthier and safer community.
