PUBLIC NOTICE REQUIREMENTS

**City of Gainesville zoning regulations require public notice to be given on all zoning applications as follows:**

1. A **legal advertisement** shall be published no less than fifteen (15) days and no more than forty-five (45) days prior to the public hearing. (This requirement is covered by Planning Division staff.)
2. A **public notice sign** shall be placed in a conspicuous location on the property which is subject to the zoning application. The original public notice sign will be posted by Planning Division staff.
3. It is City policy to **notify, by letter**, the surrounding property owners within three hundred feet (300') of the applicant's property that an application has been filed and when it will be considered. (This requirement is covered by Planning Division staff.)

**As the applicant**, you are responsible for ensuring the public notice sign remains on the site during the entire zoning process. The Planning Division staff will prepare and place a sign (or signs) for you. If any problem arises with regard to the sign, notify the City of Gainesville Community Development Department immediately by calling 770-531-6570 so the sign can be replaced. Failure to report problems with the sign during the entire period of the hearings will also result in a delay.

The purpose of the public notice sign is to inform the surrounding property owners that an application has been filed. Placement of the sign in a manner that is not clearly visible violates the requirements. Failure to place the sign in a conspicuous location will result in your request being tabled until the sign is posted as required. Failure to ensure the sign remains posted on the site during the entire zoning process means there will be a delay in the hearing date set for your request. Legally, the City cannot consider a request until proper notice has been given. If it is determined at any time during the zoning process that the sign is not properly placed on the site, the Gainesville Planning and Appeals Board has no choice but to table the request, even if there is no opposition to the application. Many of the board members, as well as the planning staff, visit the sites and will be looking for the sign. Additionally, local citizens, particularly those who receive notice letters, often report when a sign is not visible. The City will not consider your request until it is satisfied that proper public notice has been given.

Multiple sign posting on a site may be required if it is so determined by Planning Division staff to be necessary. Signs should be placed as near to the road as possible so they are clearly visible. The sign(s) cannot be obstructed by vegetation, etc.; may not be placed at an inappropriate distance from the road; or placed on something in such a manner so as to blend into the scenery.

**When the zoning process is complete and final action has been taken by the Gainesville City Council, it is the responsibility of the applicant to remove the sign (or signs).**

**Applicant's Certification:** *I hereby certify the above information, and all attached information, is true and correct; and that I have read, understand, and have received a copy of the **Public Notice Requirements**.*
